LEVERGUARD

LINEA + LEVERGUARD

End bar mirror

*Aluminum lever guard with integrated mirror model "**LINEA**"*

The kit consists of the complete lever guard right or left + the rear-view mirror.
All parts are made entirely of billet aluminum and black in color.
*The end of the lever guard is available in the following colors: **Black, Silver, Red, Blue.***

*The following standard laser-engraved lettering can be shown on the lever guard (**PANIGALE, STREETFIGHTER, BMW S1000RR, BMW M1000RR, CBR1000RR, ZX-10 R, YAMAHA R1**.). On request you can also have it without any writing (**NEUTRAL** version) or with customization*

LINEA + LEVERGUARD

The lever guard is completed with the aluminum TIP, available in 4 colors:

BLACK

SILVER

RED

BLUE

BLACK insert

RED insert

SILVER insert

BLU insert

DB Race

LINEA with LEVERGUARD

... Details that make the difference ...

ALUMINUM

All components are made of CNC machined billet aluminum. The deep anodizing finish guarantees strength and durability.

CUSTOMIZATION

The product offers maximum customization through laser-engraved lettering and the choice of colored TIP from a wide range of colors

GLASS

Convex, anti-glare mirror with blue tone, designed to ensure maximum visibility in all light conditions.

HANDLEBAR FIX

The kit comes with universal expanders suitable for handlebars with a hole from Ø13 to Ø21 mm.
In the package there are also screws for fixing on handlebars with M6 or M8 thread.

ADJUSTMENT

Quick and easy adjustment without the need for tools
