CARBON FIBER
Leverguard

Lever guard

UNIVERSAL CARBON FIBER lever guards by DB Race Design.

The lever guards are entirely made from BILLET aluminum through a CNC machining process in BLACK color . The lever guard is equipped with carbon fiber available with tre texture : PLAIN, TWILL, FORGED and completed with the aluminum TIP available in 4 colors BLACK - SILVER - RED - BLUE.

The DB Race lever guard has been designed to guarantee maximum safety and maximum COMFORT while riding the motorbike. Its particular ERGONOMICS ensures a secure grip even when bending.

The accessories have the same WEIGHT to ensure perfect balance of the handlebars while riding. It is compatible with handlebars with holes from Ø12 to Ø21 mm with M8 or M6 thread.

On the lever guard you can have the following standard writings with laser engraving (PANIGALE, STREETFIGHTER, BMW S1000RR, BMW M1000RR, CBR1000RR, ZX-10 R, YAMAHA R1.). On request you can also have it without any writing (NEUTRAL version) or with personalization
